

THE AMERICAN LEGION

CAPTAIN MARK "TYLER" VOSS POST 313
A CENTENNIAL POST

May 31, 2022

Fellow Legionnaires and Family Members:

Today, May 31, 2022 is my final day as the Commander of CMTV American Legion Post 313.

The past two years as your Commander has been more than anticipated and I hope the seeds sowed for the Post will sprout and continue to grow. I sincerely appreciate the support of the Executive Committee I served with and their dedication to the Post. We started several programs, participated in numerous community events, became a force in Boerne and Kendall County as a non-profit and respected by civic and community leaders. My only regret as I leave as the Commander of Post 313 is not fulfilling my desire to get more members involved. We have over 120 members and typically 15-20 members do the work involved. Please consider as you read this, become part of the Post, even as little as it may be, and if unable physically or just do not care to, let the new leadership know your status so we can plan for the future.

I congratulate the new Commander, Kyle Stanbro, on his election to this office and commit to support him with vigor, but remember, he is the Commander. I know Kyle will do a great job and bring in new thoughts and ideas to strengthen our Post. He has a great Executive Committee to guide the Post and I look for great things to take place. Let's all commit to get involved and make 2022-2023 the best year yet.

Again, it has been a great two years and I thank each of you for your support. I now look forward to sitting in the back of the meeting!! See you all on the 13th as a member only.

Don R. Gray

Post 313 Past Commander

CMTV American Legion Post 313

Boerne, Texas
